**Dear Service Provider:**

This letter of authorization is to advise you that we are a happy client of Advantage Telcom. We have an agreement with Advantage Telcom for them to act as our representative for the installation of all communications services. Under the terms of this agreement and by this letter, we do hereby authorize Advantage Telcom to handle all negotiations for these changes on our behalf.

We request that this authorization does not preclude our ability to act in our behalf directly, when we deem necessary. Until further notice, please direct all correspondence to Advantage Telcom via Email { [info@advantagebroker.com](mailto:info@advantagebroker.com) }. Advantage Telcom will then forward copies to us.

This letter will lift any previous **PIC Freeze**. This letter also will **create a new PIC Freeze** with the long distance company we have selected. The new **PIC Code** should only be removed upon instruction in writing from Advantage Telcom or our company direct.

The new long-distance PIC code should be IntraLata PIC Code \_\_\_\_\_ and for Interstate PIC Code \_\_\_\_\_ on all lines assigned to our account (see attached).  
Our local service should be \_\_\_\_\_.

**Thank you,**
